# Softaqua BRUSHES

Softaqua is a new and exceptional synthetic fiber brush offering a retention capacity equal to no other.

MSRP \$8.05-\$62.00

The wavy undulating shape of the fiber creates spaces which hold the water molecules - in contrast with conventional synthetic fibers which are straight and slippery.

Interlocked Extra-White - Series 25-359 - Flat

Interlocked, extra-white hog bristles are chosen for their superior quality. The bristle features a natural curve that holds the shape of the brush

MIXACRYL brushes for acrylic, combine the strength and retention of a natural bristle with the spring and vigor of synthetic fibers. The inclusion of synthetic fibers adds a sense of touch that is perfect for impastos and relief effects with the color retention you expect from natural bristles. The interlocked assembly is perfect for heavy body acrylics and gives an excellent response on the canvas. These brushes may also be used with oils.

Kevrin Natural Hair - Series 25-8772 - Filbert

The Kevrin fine natural hair brushes are similar to mongoose brushes and combine the precision and soft feel of sable with enhanced durability, offering quality and performance at an unbelievable price. Excellent for detailed brush work and soft glazing in oil or acrylics.

Raphaël developed the Paris Classic for the Impressionists, who asked for a brush offering looser and more expressive brush strokes than traditional stiff bristle brushes.

Textura - Series 870 - Flat

The new Textura brush collection is especially aimed at artists who paint using impasto techniques and want to create relief effects using thick acrylics and structure gels. The brushes are made using very strong, short, rigid synthetic fibers and offer an excellent response to thick paints and mediums.

The Kaerell's synthetic filament tapers to a sharp point, replicating a natural fine hair-like sable. Like a sable style brush, the brush stroke is soft and smooth, and lines and edges are very precise. For oils, acrylics and watercolors.

## CHARBONNEL TRADITIONAL AND AQUA WASH ETCHING INKS

Charbonnel's pigments are chosen for their excellent lightfastness and low acidity.

The details and subtleties of an artist's work come to life with Charbonnel inks.

Made with the same pigments as the traditional Charbonnel inks, Aquawash inks clean up with soapy water rather than solvents. They can be used for all forms of intaglio, lithography, and monotype.
